

WPL AUDIOBOOKS

GETTING STARTED WITH ONECLICKDIGITAL

GETTING STARTED

- Visit the Wheaton's library download page: http://www.wheatonlibrary.org/LI_Downloads.html and click on the link to OneClickdigital
- Create an account with OneClickdigital , you will need to enter your library card number at this time.

ON A PC OR MAC

- Download the OneClickdigital desktop app
- Browse and select titles for check out (you will need to log in with your username and password)
- Download the title onto your computer (all parts should be downloaded at once)
- You can listen to checked out audiobooks from your computer or transfer them to your device by clicking the transfer button next to the title

ON YOUR MOBILE DEVICE

- Download the OneClickdigital mobile app (compatible with iOS, Android, Kindle and Nook devices)
- The first time you open the app you must select North America for the region
- Log in to the app by using your username and password
- Check out titles and download them to your device
 - note: the audiobook will only download as long as your device is not on sleep mode
- You must use the OneClickdigital app to listen to the audiobooks, they will not appear on your device's audio player

NOTE

- There is a Maximum of 5 titles that can be checked out at once
- To return a title log in to your OneClickdigital account and go to "My Collections" where you will be given the option to return titles currently checked out.
